Elwood Staffing Services, Inc. and Senior Center Services have reached agreement to create *Elwood – Senior Products*.

Elwood Staffing is a leading regional provider of staffing, recruiting and HR solutions, headquartered here in Columbus. Senior Center Services is a not-for-profit organization whose mission is to serve our senior population (defined as those over age 50) and also has been operating an employment program, Senior Products, since 1960.

Senior Products brings access to hundreds of experienced and skilled workers who are capable and eager to contribute in a number of employment settings while Elwood brings access to hundreds of client companies who have need for quality employees as well as sophistication, success, and achievement in the staffing / employment business.

Mark Elwood, CEO of Elwood Staffing, said “I believe this joint effort will result in greater job opportunities for our senior population and access to a new employee base for our clients. It is truly a winning combination in every sense for our senior population, local employers, Senior Center, Elwood Staffing, and for our community.”

Elwood also said “It gives us great pleasure to work together with an organization like Senior Products to better serve each of our customers.”

According to Bob Pitman, Executive Director of Senior Services, “We are very pleased to announce this exciting partnership after several months of discussion. As the huge Baby Boomer population begins to retire, serious workforce shortages are predicted. What better way to meet the need than creating opportunities for skilled older adults to re-engage in the workforce in situations that appeal to their interests and lifestyles? Elwood, with its proven track record of success will be instrumental in helping make that happen.”

The program will officially begin on May 1st. For additional information, please contact your local Elwood representative or Bob Pitman at the Senior Center office.
